s wealthy people to the foreign trader and To them we owe the longestion of British captal, cuterprise and activity into "alf a duzen enormous trides." The What particular reason may exist for singling freemoment on the contrary declares that the out-that particular school is not stated. Probarriter of the Quarterly article, who has taken bly as the building is newly erected it is taken as i writer of the Currierty at item, which has been a symbol of the public schools in general. Here trade, is ignorant of fiscal affairs, mistaken in and there declarations of this kied are frehis statisties and wrong in his conclusions, quently beard. It is well known that the ar"If the article," says the *Economist*, represents the view of the conservative party, it cornot friendly, but are strongly opposed, to the sents the view of the concervative party, it certainly still not common find itself to the common findle chool system. Their objections do not sense of the country, and proposals of this lie against special features of the system but kind, especially when put torward for purty against line system itself. Education is limit but purposes, are little better than a macking of the distress they profess to almost alleviating." If the state. This view is not in second with the distress they profess to almost alleviating." American ideasor roundlinean institutions. The system that we are not compared to the distress they profess to almost alleviating." hope that we are to escape a revival of the public school system must and will be nainworn out discussion on protection, for in spite thined. There is recon for discussion as to its of some sinister appearances we cannot be propor limits, but none as to the necessity lieve the tory chiefs will lend themselves to so maintaining it. Probably the Catholic church, somselves a cry." The Pall Mail Gazette which is always wary and wise, will not imperil offers a remark worth volumes of plabitudes its position in America by any general declara-like the above. In commenting on the state-tion of war upon the public school system, ments and statistics concerning the United

At our present stage of growth and progress been won by American charms and worth, and our mistaken commercial policy has its chief as if important results would flow from this offect in the injury H exerts or ourselves. It full-blooded American becoming allied with our goods out of foreign markets and donnected even with the reigning family of increases prices to consumer as home. Great Britain: Think of it. The Wood half is absurd to assert that with the elevated to the position of a sort of constant. The best of the constant of has annihilated our shipping, it keeps against English competition. The disadvantage under which England rests of having to import her food and no small part of her raw materials, with the additional cost of shipping the finished product across the ocean, should

an annual review of the progress of the railthan the present national debt. Gross earnings for the year are reported at \$615.401.401, was done in Poland and Ireland, but it was accomplished in an ago that has presend pway. \$255.193.496 as not earnings, of which \$107.

866.328 was absorbed in payment of interest.

an use ratter \$229,588,190-an aggregate of [40 the work undertaken at a ridipal-only low \$389,581,908. The reported gross carnings of prices and, hastly, there was the agistmat per the other sections were as follows. New En. leaster general, who took car is award the gland, \$48,755,609, the southern states, \$48, forfeited contract where its process, swould no 311,753; the Pacific states, \$28,787,600. The 317.754: the Pacific states, \$28.787.660. The reported earnings of the western states include all the revenues of the railways of Missouri and of the Union Pacific system; and New do not use them; that expany analysis and then the control we do not use them. and of the Union Pacine system; and New 1 do not use them; that eavairy manage use com-York. Duke of Argyle, was about to marry Misproduction. England on the contrary must import large part both of her raw materials and necessary food. The advantage on our side is immense; and it would be greater still if we would adopt a rational commercial policy. But by our tariff system we keep up the cost of manufacturing and bestow the profits on monopolists; by our navigation have we shut out our own people from the benefits of the carrying trade, and by these processes to getter wealth of the impossible to find a wide foreign market for our goods. Yet our resour cost are over still the artificial disadvantages which we have created and maintain are overcome by the predigatity of nature. We prosper not by the aid of our system, but in spite of it. der their tongues, as if one more victory had the blue blood of the British aristocracy, and

At last Great Britain is able to estimate the dost of her attempt to enslave the brave Boers in south Africa. The war itself cost many price of peace, the whole of the Transvani the damage done. Probably the whole outlay will reach \$10,000,000, which is rather a large and to pay out for the whim of a governor who put merconary aggrandizement before fair dealing and sought to rob the free descend-ants of Dutch settlers in South Africa of their land and rights at one blow. The I mean ought not to be without its influence upon the British colonial policy in the fature; but it will probably not be beeded any more than way system of the United States, apply inforway system of the United States, apply information as to railway uperations for the year

THE WORK ASIA BOOK TO A SECTION ASIA

EXPLANATORY. THE WONDERFUL THINGS TO BE DONE AT

All the elegant and costly goods in their establishment Auctioneer and Commission

of a value as high as 150 Dollars, to be sold at

In addition to the usual class of goods kept there, there will be an [7] array of costly articles, such as Heavy Gros Grain Black Silk Dresses, , full twenty yards, worth 100 Dollars, to be sold for

Gentlemen's heavy Gold Hunting Case Watches, full 18 karat, worth 125 Dollars, for

Elegant fine French Bronze Clock, sets three pieces, worth 150

And thousands of articles, worth from a Dollar to One Hundred and Fifty Dollars, to be sold at the uniform price of ONE DOLLAR.

The idea originates from the grand Magazine D'Espague, in Paris, who are carrying it out now with the greatest success and satisfaction to the public. The method having been thoroughly explained to our Mr. J. H. Ackerman, who has just returned from Paris, and is now already on his way to New York to arrange for the similar method in all the principal cities of the Union.

SATURDAY, JULY 30, AT 9 O'CLOCK A. M. Our store will be closed on Friday to make all the necessary preparations ACKERMAN'S DOLLAR STORE,

NEWSPAPERHRCHIVE®.

The following facts regarding the life of the

"Bull Shank Jack" could be found when desired. These men were desperatoes of the worst type, and their profession was that of "standing up" any unfortunate travoler who might cross their paths. When a person who may auspected to be in the possession of mongry made his appearance, the gang first tried their luck in deceing him at the gaming table, but if this plan did not succeed they coulty drow their shooting-trens and demanded the deliverance of whatever coin their victim might have. It was a matter of indifference to thom whether or not their platchs went off and afore Sheriff Whitebill effected the unmounterformands of transforming the town; one of assessment particles are the transforming the town; one of assessment particles and the sale on known as Thompsen's ranking whom he

When asked the cause Domahoe stated a year before no had had a fast with the dead man in Utah and he felt likekilling some one that day, and the fusi was a good excuse. Probably the most noted desperado of the present time is Billy the Kid, about whom there has been so much said in the various telegrams received during the past few weeks. His real name is not known, but the name under which he is registered at the county jail of Grant county is William Antrim. In appearance Billy is the mildest person magniable; yet though hardly more than breaty-one years of age he has mildest person magniable; yet though hardly more than breaty-one years of age he has mildest person magniable; yet though hardly more than breaty-one years of age he has mildest person magniable; the case into Silveg City at a very early period of his life, and lired there with his step-fairer until he reached the age of fifteen years, when, on account of ill-treatment by the paternal Antrim, he left kie home and accepted a position as waiter in the principal hetel in the place. His irrat steps on the downward path were of the smelt-third character. A short them offer his omployment by the hostel-keeper beschol some butter and sold it. The affair was estiled in a some manner, and a few weeks after he distingtion and being the state of the carrier, while serving out his sentence he managed to escape through a chimney leading to the sheriff expressed it, "I could hardly geat my fat its active of the carrier while weak attention to the description of the building, and the next morning the sheriff was astonished to find the estil empty and Billy grove. The chimney through which he made hole."

A DESPARADO'S LIFE.

Billy, after escapenz, wantered through in-

Newspaper HRCHIVE®_

of the building, and the next morning the shariff was autonished to find the cell empty and Billy give. The chimney through which he made kis escape was so small find, as the shariff expressed it, "I could hardly put my flat into the hole."

Billy, after escaping, wandered through the country to a ranch on the border through the country to a ranch on the border through the country to a ranch on the border through the country to a ranch on the border through the country to a ranch on the border through the country to a ranch on the border through the country to a ranch on the border through the country to a ranch on the border through the country to a ranch on the border through the country of the country of the ranch of the country with the shorest middle during the was engaged by a blackerath as a bully to make the mach hole through the was complicated through the property three a pixel and for some rout was not beautiful through the learn energed with bully and was about to lay to dent hands on him the middle through the arm energed with bully and was about to lay to dent hands on him to make the mach hole through the arm energed with bully and was about to lay to dent hands on him to make the mach hole through the arm energed with bully and was about to lay to dent hands on him through the heart country. I was at this time that the Limedic count, what to complicate the form the public time is also believed to the country of the countr

intends.

If a young man in a street car gives up his soat to a protty young lady he will be accused of partiality; if he gives it up to an ugby old lady it will be said be doesn if or effect. The average mean plant for him to adopt is to keep the seat himselt, and see nothing but the paper be is reading.
